dingz front

Description

dingz front includes 4 conventional buttons. Together with the dingz base it can continuously dim up to 4 lights. Dingz can raise, lower, and adjust the angles of up to 2 electric blinds and control thermostats using the temperature sensor. All 4 channels have energy and power measurement and the LED night light will guide you in the dark. dingz connects directly with your WiFi Gateway / Access-Point - no additional gateway needed.

Details

Type	dingz front 4 buttons
Model	dz1f-4b-xx
Colors	white, light-grey, dark-grey, black, mocca
Dimensions packaging	90 x 90 x 35 mm (W x H x D)
Suggested retail price	CHF 109.00 (VAT included)
Warranty	2 years

Technical details

Wireless/WIFI Standard	2.4GHz • IEEE 802.11n
Dimensions (W x H x D)	60 x 60 x 20 mm
Weight	28 g • 72 g incl. Packaging and manuals
Supply voltage	3.8VDC • 0.5A
Power consumption	0.3W
Power measurement	0 — 300 Watt
Sensors	Temperature • Ambient light
Interfaces	REST API
Protection type	IP20
Protection class	III
Operating temperature	+5°C to °35°C • 10 – 85 % Humidity (non condensing)
Storage temperature	+5°C to 50°C • 5 – 90 % Humidity (non condensing)
Safety & EMC	CE

Compatibility

Feller	EDIZIOdue
Hager	kallysto.line/kallysto.tend/kallysto.pro
ABB	Sidus

Some Features require

Internet connection	WLAN Gateway/Access-Point
dingz App	Apple iOS • Android
